For the advice that goes beyond mere number crunching

Business as usual has, for too long, been doing businesses a disservice. It's time to shake up the status quo with a new way of accounting, from a team who believes that accounting should be about more than mere numbers.

Cloud Accounting

- Cloud Accounting is helping businesses to operate smarter, react to opportunities and risk faster and providing for real insight, in real time
- Because important business decisions need to be taken all-year through – not just in April
- We harness the industry leading Xero Cloud Accounting platform to deliver core commercial advantages

Why Moulds & Co?

- We are Proactive Accountants, empowered by the Cloud
- Through always available shared data our clients gain offline expertise into the accuracy of their online accountancy – invaluable input for businesses who are always on assured footing
- We deliver tax savings, boost profits and improve cashflow throughout the twelve months of the year – the very opposite of once a year lacklustre accounting that leaves you with a bigger tax bill and comparatively underwhelming bottom line
- And it's all made possible by the power of the Cloud

Benefits of Cloud Accounting

- ✓ We will give you the freedom and resources to grow your business
- ✓ We can be all over your numbers, helping you make real time decisions every day of the week
- ✓ A meeting with your accountant once a year to talk about last year's numbers just isn't good enough
- ✓ Get proactive advice from us, not just a history lesson
 - ✓ Save tax
 - ✓ Make more profit
 - ✓ Generate more cash!

What does it cost?

- The last thing anyone wants is an unexpected bill from their accountant. There are 3 clear choices, each with a Fixed Fee Agreement:
 - ✓ Option 1: includes year end accounts, payroll and tax return
 - ✓ Option 2: includes all of the above plus tax planning solutions
 - ✓ Option 3: the works! All of the above plus management support and business planning
